

Reef

TECHNICAL FEATURE

Structure: in solid wood, multiply wood and fiber, padded with polyurethane foam and covered with sterilized goose feathers divided into sections. Suspension with reinforced elastic belts.

Padding: the seat cushions are integral part of the structure and are made in polyurethane foam of various densities, wrapped in 100% sterilized goose feathers divided into sections.

Feet: in black ABS with anti glide film.

Covers: in removable fabric and non-removable leather. The fabric version is available with decorative profile "Piping" (in fabric Viareggio or Velvet) or with raised stitching. The leather version is available with Piping or sharp cut stitching. For more info see page 177 of the catalogue.

Important notes: the padding in goose feathers give to the sofa a vintage and informal look. The shapes of the cushions are therefore soft and irregular.

The feet with anti glide film guarantee the stability of the elements and therefore no connecting hooks are provided.

CARATTERISTICHE TECNICHE

Struttura: in legno di abete, multistrato e fibra. Braccioli e schienali imbottiti con poliuretano espanso e rivestiti da piuma d'oca sterilizzata e suddivisa in comparti. Molleggio a cinghie elastiche rinforzate.

Imbottiture: i cuscini di seduta sono integrati nella struttura e realizzati in poliuretano espanso indeformabile a densità differenziate, rivestiti in 100% piuma d'oca sterilizzata suddivisa in comparti.

Piedini: in ABS nero con antiscivolo.

Rivestimento: completamente sfoderabile nella versione in tessuto. Fisso in pelle. Versione in tessuto disponibile con profilo decorativo Piping (in tessuto Viareggio o Velvet) o con cucitura pizzicata. Versione in pelle disponibile con Piping o taglio a vivo. Maggiori informazioni a pagina 177 del catalogo.

Note importanti: le imbottiture in piuma conferiscono al divano un aspetto destrutturato e vissuto. Le forme dei cuscini saranno quindi morbide e le cuciture irregolari. I piedini con antiscivolo garantiscono la stabilità dei vari elementi e quindi non sono previsti ganci di giunzione.

TECHNISCHE DATEN

Struktur: Sperr- und Faserholz aus Tanne. Armlehnen und Rücken gepolstert mit Polyurethanschaum, komplettiert durch sterilisierte Gänsedaunen, aufgeteilt in separate Kammern. Unterfederung aus verstärkten elastischen Gurten.

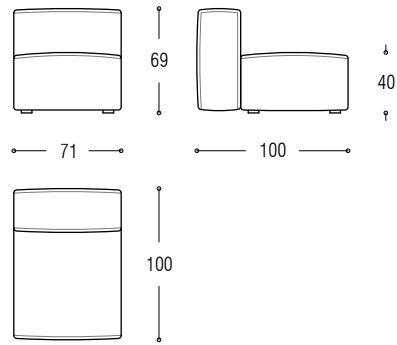

Polsterung: Die Sitzkissen sind in die Struktur integriert und bestehen aus strapazierfähigem mehrschichtigen Polyurethanschaum verschiedener Härtegrade, ergänzt durch eine Oberflächenschicht aus 100% sterilisierten Gänsedaunen, aufgeteilt in separate Kammern.

Füße: Rutschfester Fuß aus schwarzem ABS.

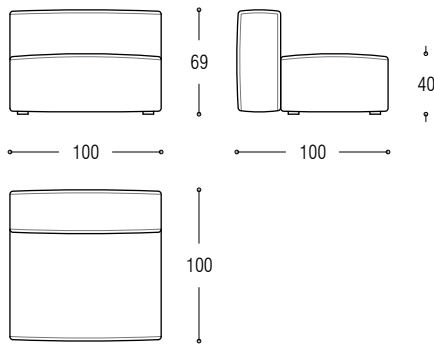

Bezug: Komplet abziehbarer Stoffbezug, in Leder nicht abziehbar. Die Version mit Stoff ist entweder im Dekor-Profil Piping mit den Stoffen Viareggio oder Velvet oder aber mit gehobenen Nähten realisierbar. Die Version aus Leder ist mit Piping oder scharf geschnittener Naht erhältlich. Weitere Informationen finden Sie auf S.177 des Kataloges.

Wichtige Hinweise: Die Daunenfüllung verleiht dem Sofa bewusst einen legeren, verlebten Eindruck. Die Nähte sind unregelmäßig, die Sitzfläche ist nicht formstief, sondern soft mit einem gewollten Knautscheffekt. Die rutschfesten Füße garantieren die Stabilität der verschiedenen Elemente, sodass keine Verbindungsbügel nötig sind.
